St. Luke’s Headache Center

Robert J. Coni, DO, Medical Director
Bushra Malik, MD, Fellowship-trained in Headache and Pain
Christen Kutz, PA-C
Brooke Kunsman, CRNP
Kris Levine, LPN, Specialty Program Coordinator

Mission Statement:
The St. Luke’s Headache Center’s mission is to provide advanced, high caliber evaluation, diagnosis and care for headache sufferers. Our multidisciplinary team of professionals brings a comprehensive, individualized approach to problems. We utilize recognized evidence-based approaches as well as complementary approaches. Patients will be given the tools to help themselves as partners with the treatment team, and their families will be empowered to aid in this process.

Primary Headache Disorders Treated:
- Migraine headaches
- Chronic daily headaches
- Post-traumatic headaches
- Menstrual headaches
- Medication overuse headaches
- Facial pain
