Class of 2011

Each member of the graduating class was presented with a check in the amount of $35.00 to cover the cost of a Temporary Practice Permit. This permit is required by the state of Pennsylvania until the individual graduate takes and passes the NCLEX Examination.

   M. Naomi Houser Award – John Spanogle
   Julia S. Ritter Award – Tina Sandt

Gifts

Many years ago the reunion classes established the practice of giving a gift to the association at the time of each of their class reunions, every five years. For many years it was china or silver. Because we no longer have a formal tea, all the china and silver have been sold and engraved pieces were donated to the School of Nursing. Since there is no need for these items, monetary gifts are still appropriate and much appreciated. Such gifts along with fundraising funds allow the association to provide scholarships, as well as the Temporary Practice Permits to students and ne graduates. Any class gift may be designated for a specific purpose, i.e., scholarship. If no specific designation is provided, money is deposited into the general fund and used for the purposes noted as well as expenses of the association.

Scholarships

Scholarships will no longer be given to undergraduates at Homecoming. Because the school year has changed from 24 to 20 months, the timing of providing scholarships has changed. A Promotion Ceremony will occur at the half way mark of the school term, which has been determined to be a more appropriate time to present scholarships as well. Therefore scholarships will be presented to successful applicants at this ceremony. In 2011 the scholarships will be presented on September 16. Future presentations will occur at 10 month intervals, based on the entry date of students.

Congratulations to Members of the Class of 1961, celebrating 50 years as professional nurses:

Missing Graduates

We continue to have approximately 700 graduates for whom we do not have an address! Even with Gloria Kern’s aggressive research activity, the number of graduates for whom we have NO CURRENT ADDRESS does not seem to decrease. Your assistance in maintaining current addresses is very important.

We appreciate updates forwarded by individuals and class representatives at any time! For those classes celebrating a reunion year and planning a class social this is a perfect time to update your class list AND share the updated information with Gloria.

Many of you have provided information and we thank you! You may update your mailing information as well as any change in name, etc by contacting the School at 610-954-3401, accessing the change of status form via the St. Luke’s website, or contact Gloria or any board member. Go to mystlukesonline.org and click on the School of Nursing link and then the Alumni link. It will be necessary to download the form and send it to the association via US Mail.
The following list contains the names of individuals in classes which are due for various reunions in 2011. If you know any of these alumnae or if you are willing to share an address, a new (married) name and/or someone is deceased, please have them contact Gloria Kern, Bernie Kucsan or any board member. Call the School of Nursing at 610-954-3401, Bernie at 610-366-4589 or Gloria at 610-867-1151. You may also e-mail information via the St. Luke's website or directly to Bernie at bkucsan@ptd.net.

I entered into nursing practice with a diploma from St. Luke's Hospital in Bethlehem, Pennsylvania in 1975. The most important thing I learned at St. Luke's is a passion for clinical nursing. That passion caused me to attend The George Washington University to become a nurse anesthetist in 1981. Nurse anesthesia is really the most intense clinical nursing. The person receiving the anesthetic is completely reliant upon the CRNA to monitor their well being constantly and make adjustments to maintain a safe anesthetic. I went on to earn my Masters degree from St. Thomas University (in St. Paul, Minnesota) when this became a requirement for entry into practice as a CRNA. I began service to America’s veterans as Chief Nurse Anesthetist at the Minneapolis VA in September of 2001, five days before the attack on the World Trade Center Twin Towers. It is humbling to be able to support our veterans through these two wars by insuring that they have the very best of care at the Minneapolis VA.

Eventually I became restless for more knowledge that would help me improve our service to the veterans. I had heard rumors of a clinical doctorate, this Doctor of Nursing Practice degree. I investigated a little and this was what spoke to me: a degree that would help me in my everyday clinical role and my leadership role within the Veterans Administration. I graduated from Rush University in 2005 with my Doctor of Nursing degree. There were 44 graduates across the country that year. Since that time many schools of nursing have developed DNP programs. According to the American Association of Colleges of Nursing’s April 2011 fact sheet, 1282 nurses completed their DNP degree in 2010.

In 2006, the University of Minnesota hired me to assist with the launching of the Doctor of Nursing Practice program. Our first Masters to DNP class graduated in 2007. I was invited to be the commencement speaker. What an honor. About that time, a colleague and I noticed the lack of textbooks to help schools of nursing develop their DNP programs. We successfully wrote a textbook, The Doctor of Nursing Practice Essentials, A New Model for Advanced Practice Nursing, published by Jones and Bartlett in 2010. It has sold very well. We just got the contract for the second edition. My co-author and I have spoken across the country about our innovative model for the DNP project that was first described in our book. Last year I was appointed by the University of Minnesota as the Program Director for the Nurse Anesthesia specialty in the School of Nursing. We will graduate the first class of BSN-DNP nurse anesthetists next August.

I have administered anesthesia in a wide variety of settings: tertiary medical centers, outpatient facilities, office settings, Level 1 trauma hospitals, obstetric units, burn hospitals and in the austere setting of a missions practice in Tanzania. I enjoy them all. The passion I gained for clinical nursing at St. Luke’s so long ago still carries my career forward. It is the underpinning of my passion for nurse anesthesia and the reason why I feel so strongly about the Doctor of Nursing Practice as an entry level degree for advanced practice nurses. It is the celebration of clinical scholarship that is so important for nurses. All nurses will benefit from the elevation of the scholarship of clinical. I am continually grateful for what I learned so long ago at St. Luke’s.
The by-laws of the Association require that they be reviewed every two years. Board members appointed for the review in 2010 are: Ann Bockius Andres (Chairperson), Sandra Epp Kimmel, Sandra Tirpak Davidyock, Wendy Dennison Magocs and Bernice La Bar Kucsan. The team met on June 6th. The following changes and additions are recommended by the team:

**Change Vision and Mission Statements to read as follows:**

**Vision:**
1. To unite St. Luke's school of Nursing graduates in the common goal of education and dedication to the healing arts profession.
2. To encourage active participation of association members.

**Mission:**
1. To uphold the traditions, standards and progress of nursing as a profession.
2. To maintain a professional society which promotes mutual collegiality and communication among graduates of the School of Nursing.
3. To provide financial assistance to eligible students of St. Luke's School of Nursing.

Add the following statement to Article II – Nominations and Elections, Section 1. “The Nominating Team Chairperson will present the nominations at the annual meeting.”

Add to Article IV – Duties of the board of Directors, Section 6 A – (Teams appointed by the president) “Nominating Team is responsible to obtain names for Board of Directors and Officers for presentation at the annual meeting.”

**Add the following Statement:**

**Incorporation:** The association is the owner and is responsible for the maintenance and insurance of items, artifacts and memorabilia entrusted to its care.

**Add the following new Section**

Article XI – Dissolution of the Alumni Association: In the event of dissolution of the Alumni Association, the Board of Directors shall be responsible for the disbursement of any remaining monies or property.

Please note that the Vision & Mission Statements were outdated and needed to be brought up to today’s processes. Other minor changes were important to allow for teams to function appropriately. The addition of the section addressing dissolution is the most important change to the by-laws. There is no plan or even a suggestion that the association will dissolve. Addressing this issue is standard for most organizations and it needed to be addressed for us in the unlikely event that such action may be necessary in the future.

The suggested revisions will be voted on by members present at Homecoming on October 15, 2011.

If you have questions, comments or suggestions please come to the meeting prepared to discuss them.
