

FaceTime Tip Sheet

Turn on Facetime

- Open the FaceTime app  and sign in with your Apple ID. You can also do this from Settings  > FaceTime.
- If you're using an iPhone, FaceTime automatically registers your phone number. To also register your email address on your iPhone, go to Settings > FaceTime > Use your Apple ID for FaceTime, and sign in with your Apple ID.
- If you're using an iPad or iPod touch, register your email address by tapping Settings > FaceTime > Use your Apple ID for FaceTime, and sign in with your Apple ID.

Make a FaceTime call

To make a FaceTime call, you need the person's phone number or registered email address. There are a few ways to make a FaceTime call:

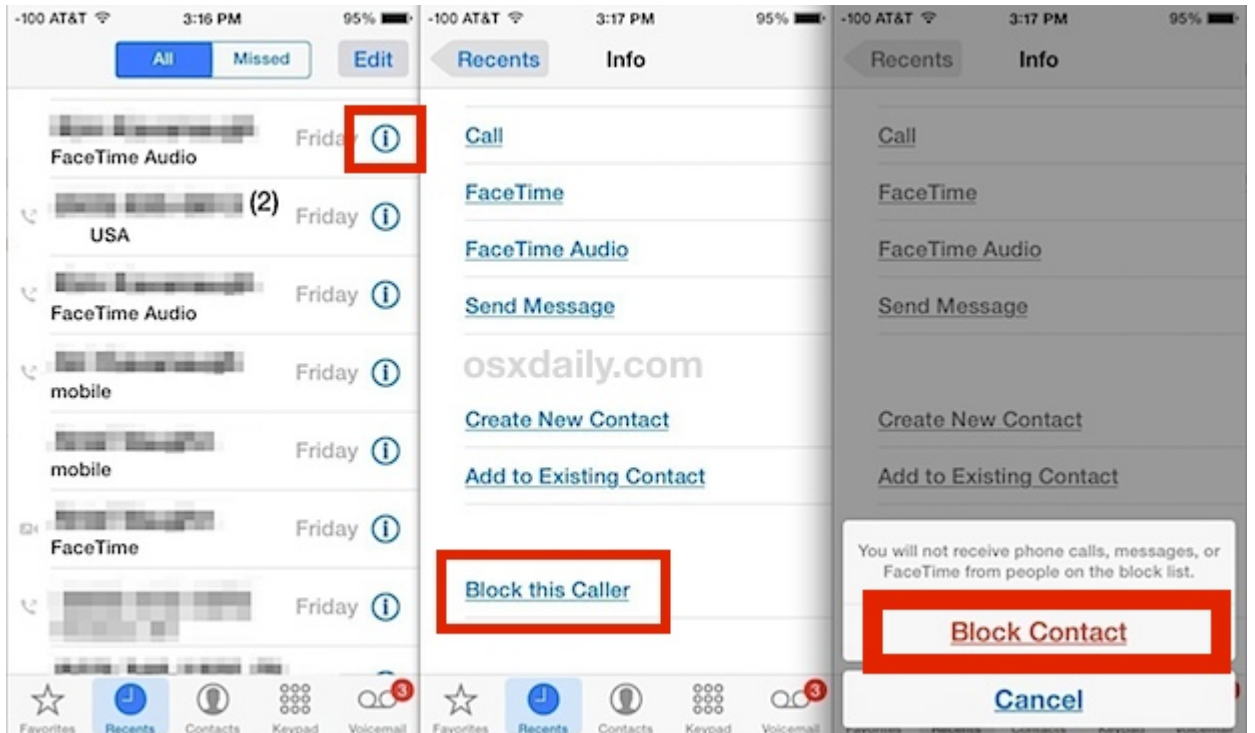

- In the FaceTime app , tap the plus button  and type the person's phone number or email address. Tap the number or address, then tap Audio  or Video .
- If you have the person's phone number or email address saved in your Contacts, you can start typing their name and tap the name when it appears. Then tap Audio  or Video .
- You can also start a FaceTime video call from your iPhone during a phone call. Tap the FaceTime icon in the Phone app to switch to FaceTime.

Block a phone number, contact, or email

- **Phone**

- If you're in the Phone app  under Recents, tap  next to the phone number or contact that you want to block. Scroll to the bottom of your screen, then tap Block this Caller.

- **Facetime**

- If you're in the FaceTime app , tap  next to the phone number, contact, or email address that you want to block. Scroll to the bottom of your screen, then tap Block this Caller.
