

# St. Luke's Carbon Campus

## Get to Know Our New Campus

St. Luke's, the region's largest, most established health system and one of the nation's 100Top Hospitals, is building its newest campus set in beautiful Carbon County.

Located just off the Mahoning Valley exit of 476 and Route 209, St. Luke's Carbon Campus is a 160,000 square foot hospital with three stories and 80 acute care beds. Onsite there will be a 17 bed emergency room, 24 hour critical care with 12 ICU beds, state-of-the-art operating rooms, advanced cardiac services and the most advanced radiology and diagnostic technology available to the region.

500 St. Luke's Drive, Lehighnton, PA 18235  
(Off Harranty Road in Franklin Township)

St. Luke's Carbon Campus will be the newest hospital construction project for the region in over 60 years; and with a \$100 million investment, the largest project in Franklin Township's history. It will offer patients easy access to specialists, outstanding physicians, advanced technology, nationally recognized health care and unmatched customer service. St. Luke's Carbon Campus will provide medical, diagnostic, critical care, emergency, comprehensive outpatient and surgical services.

## What's Coming:

- Capacity for 80 Acute Care Rooms
- 3 Operating Rooms
- 2 Procedure Rooms
- 12 ICU Beds with 24-Hour Critical Care
- 17 Emergency Beds
- Comprehensive Trauma Program
- Full Interventional Radiology Suite

## Building for a Healthier Tomorrow

- St. Luke's Carbon Campus will be a patient and family-friendly modern hospital, offering comprehensive care and advanced technology to area residents.
- The new hospital will include spacious, private rooms, three operating rooms, state-of-the-art interventional radiology lab, additional lab services, and an on-site pharmacy. Over time, the campus will grow with expanded inpatient and outpatient services and physician offices onsite.
- Thoughtful accessibility for patients and families is our priority and is reflected in the design of the new hospital. The layout includes registration, diagnostic testing, cafeteria and elevators within steps of entering the main lobby.

## St. Luke's Lehighton Campus

(formerly Gaden Huetten Campus)

### Essential patient services will remain at St. Luke's Lehighton Campus

- Medical office building
- Lab draw
- Radiology
- Infusion
- Wound care
- Pulmonary function testing
- Cardiac/pulmonary rehabilitation
- Behavioral health
- Acute care rehabilitation
- Inpatient rehabilitation

Our commitment to the community will continue at North 12th Street in Lehighton. The campus will undergo a beautiful renovation and expansion of Behavioral Health services.

Along with the new St. Luke's Carbon Campus, a planned diabetes wellness center, sleep center, Care Now walk-in centers in Lehighton and Palmerton and other advanced specialty offerings, round out the quality St. Luke's health care options in the Carbon region, keeping care close to home.
