

# Implementation Strategy

## ..... Key Findings .....

From our analysis of primary and secondary data, we see significant issues facing our communities that impede healthy lifestyles. Our efforts in prevention, care transformation, research, and partnerships help support our work to promote sustainable programs and opportunities for our community. While there are many issues that need to be addressed, the results from the 2022 CHNA found that the top 10 needs for the St. Luke's Network can be consolidated into four main priorities. They include:

We will work collaboratively in partnership with our community and network partners to address health disparities and promote better health outcomes, especially among our most vulnerable populations such as our low income, children, and Hispanic communities.
