Submission Guidelines:

- **Every submission will be reviewed and used as a written story on stlukesproud.org.**
- Successful submissions will be asked to participate in a photo and video shoot. Photos and videos will be used across the network to illustrate for our colleagues and patients the pride of St. Luke's – our valued employees. They will also be used on our social media sites.
- Stories CANNOT mention any patients by name.
- Your story that you submit in your words will be posted online. Minor grammatical edits will be made as needed.
- If you want to share your story but are concerned about your writing ability or simply do not have the time, please contact Mary Beth Golab at 484-526-4104 to schedule a brief meeting. The conversation should only take 10-15 minutes.
- Be candid. We want to hear your unique story to better understand your St. Luke's pride.
- The success of this project hinges on staff participation. This as an opportunity to describe how you or your team has impacted a patient's life or how your life has been impacted by St. Luke's. Stories describing your career path are also welcomed.
- All are invited to participate. Doctors, nurses, support staff, executives, managers, directors... we all have stories to tell!

Please fill out a submission form and either scan and email it to MaryBeth.Golab@sluhn.org or give a copy to your manager. You can also fill out the submission form and submit online by visiting stlukesproud.org.
