

WELCOME TO ST. LUKE'S MATERNAL FETAL MEDICINE

St. Luke's Maternal Fetal Medicine is a hospital-based office that provides consultative care for your pregnancy. We will discuss the findings with you and make recommendations for your plan of care in a cooperative effort with your Obstetrician. We make every effort to spend as much time as is necessary with you to address and clarify any problems and/or concerns.

Your appointment (s) is/are scheduled for _____ at _____.

- Billing for all services is performed through St. Luke's Hospital. A typical ultrasound exam **fee will consist of both a hospital and physician component**. While we are participating members with most insurance plans, **please check with your insurance company to see if a referral is necessary prior to coming for your appointment**. If your insurance company requires a co-payment, **payment is expected at the time of your appointment**. We accept cash, checks or credit cards.
- **We encourage you to eat a meal or snack before your appointment** so that both you and your baby will be well nourished.
- Please plan on arriving at least 15 minutes before your scheduled time to allow both for parking and time to fill out the necessary forms.
- We understand that your family members would like to be part of your experience with us. We encourage you to feel free to bring **ONE healthy support person** if you so desire. **NO children under 12 are allowed to be present at your examination**.
- We do NOT allow personal pictures or videos to be taken during your visit. We make every attempt to provide you with still pictures of your ultrasound. Sometimes due to the baby's position, body mass index or gestational age we can't always get the most ideal images or determine the sex of your baby.

****Please complete the enclosed forms and bring them, your insurance card and a photo ID to your appointment. ****

Thank you for allowing us to provide our services to you and wish you a healthy outcome for you and your baby.
